| Name | Last | Address | City | Agenda Item | Position | Method | Comments |
|----------|--------|---------------------------|--------|-------------|----------|-----------|--|
| Kenneth | Day | 1111 Empire Central Place | Dallas | Open Mic | N/A | Telephone | Represented drivers providing services to Denton County area. On behalf of those members, called to advocate over concerns they have on he proposed service plan changes. These individuals provided commitment, dedicated service to the public. Concerned about their own protection and the public they serve, including the relationships they have established with their riders. What he knows about transit service, is that the service will be focused on the bottom line. DCTA is concerned about the quality of service. His experience with private contractors is the loss of control and quality of service. The members he represents are the best advocates and best resources dedicated to quality service. |
| Rigel | Jonec | 4012 Shiraz dr. | Argyle | 21-691 | Against | Online | I am against this plan. I am a home owner in The Vintage, across from the proposed apartments. I was wondering where the nearest grocery store will be for low income families? The closest grocery store to our neighborhood is 6 miles away. There have been studies done about the increase in crime rates, and decrease in property values. I disagree with Jesse Davis' statement, "its crucial we have mixed income developments..provides dignity to those who need help". What evidence is there for that? |
| Jacob | Moses | 1104 Dallas Drive Ste 229 | Denton | 21-816 | Support | Online | As Executive Director at the Denton Affordable Housing Corporation, I'd like to thank Mayor Hudspeth and members of the council for considering this agenda item, which will allow a sun-loving, 20-year resident of one of DAHC's wheelchair-accessible units to enjoy a new, accessible deck—just in time for the summer. |
| Caroline | Seward | 2024 Hollyhill Lane | Denton | 21-890 | Against | Online | Employees should not be responsible for the cost of technology to do their job. The policy is written so generically, "Fees associated with City -owned equipment", that it opens the door for the City to charge more than just a hotspot. |
