 - Questions will be answered in the order they are received, and will only display in the Q&A after they are answered
 - Select raise hand to request to speak
- Presentation will be recorded and available online after the meeting at www.cityofdenton.com/virtualcommunitymeetings

Meeting Purpose

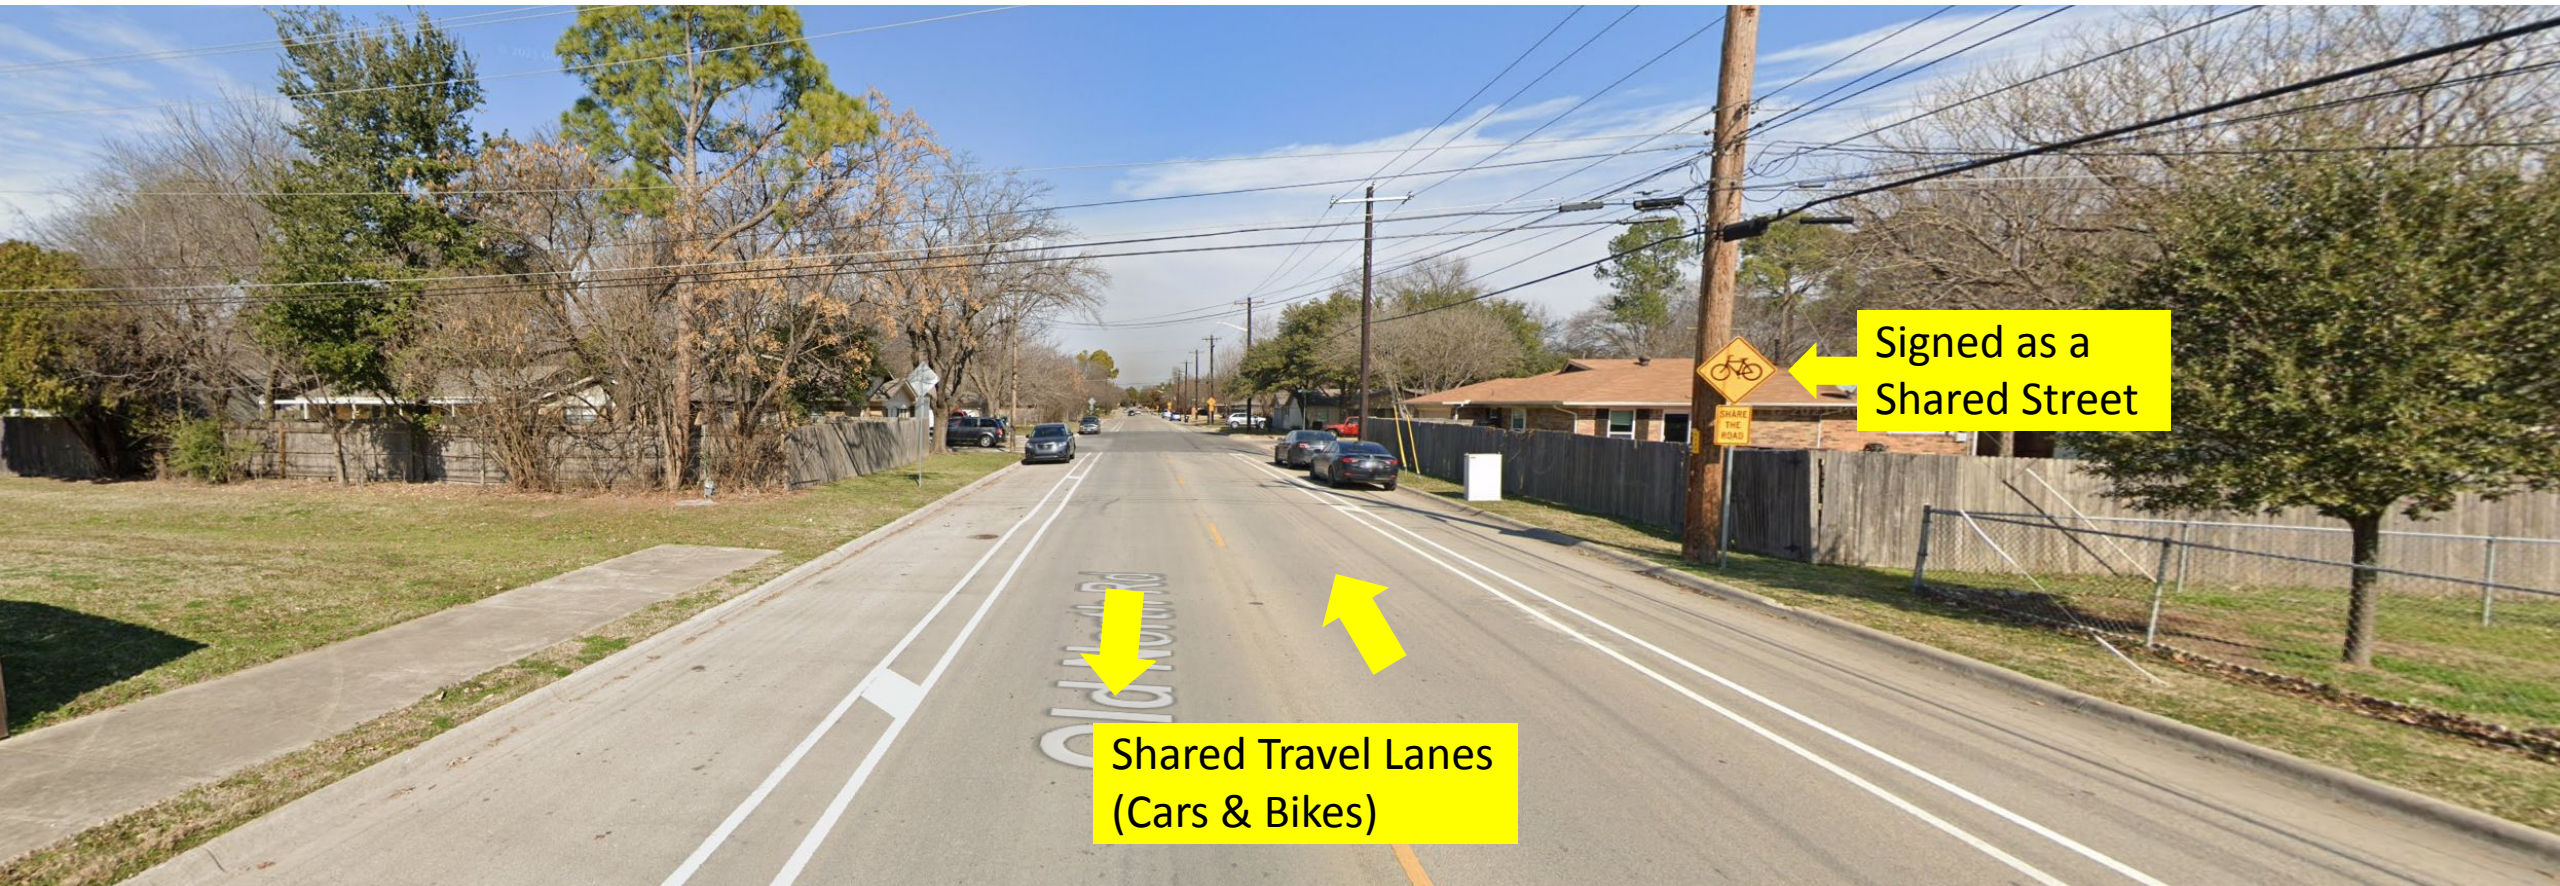

The City has received concerns regarding the current configuration of Old North Road relating to on street parking, pedestrian and bike access, and drive lanes.

The City would like to explain the current street configuration and listen to community feedback regarding the current configuration and understand how the community would like the road to function moving forward.

Current Old North Road Configuration

Current Old North Road Configuration

Next Steps

The City is seeking to understand the current needs for Old North Road and gather information regarding the community's expectations regarding the usage of Old North Road.

Once the City understands the community's needs and expectations, the City will be able to develop a design that best addresses all the needs of the road.

Questions and Feedback

If you have any questions or feedback, please
contact Brett Bourgeois at
Brett.Bourgeois@CityofDenton.com

Discussion

The City of Denton appreciates you taking
the time to join us today!
